

Project Design Phase-II

Data Flow Diagram & User Stories

Date	20 February 2026
Team ID	LTVIP2026TMIDS24635
Project Name	FlightFinder – Navigating your air travel options
Maximum Marks	4 Marks

Data Flow Diagrams:

A Data Flow Diagram (DFD) is a traditional visual representation of the information flows within a system. A neat and clear DFD can depict the right amount of the system requirement graphically. It shows how data enters and leaves the system, what changes the information, and where data is stored.

User Stories

User Type	Functional Requirement (Epic)	User Story Number	User Story / Task	Acceptance criteria	Priority	Release
Customer (User)	Registration	USN-1	As a user, I can register for the application by entering my email, password, and confirming my password.	User account is created successfully and redirected to login page.	High	Sprint-1
Customer (User)	Login	USN-2	As a user, I can log in using registered credentials.	User is authenticated and dashboard is displayed.	High	Sprint-1
Customer (User)	Flight Search	USN-3	As a user, I can search flights by source, destination, and date.	Matching flight results are displayed correctly.	High	Sprint-1
Customer (User)	Flight Booking	USN-4	As a user, I can book a flight by entering passenger details.	Booking is saved and confirmation is generated.	High	Sprint-2
Customer (User)	Booking Confirmation	USN-5	As a user, I receive booking confirmation via email.	Confirmation email is delivered successfully.	Medium	Sprint-2
Flight Agency	Agency Registration	USN-6	As a flight agency, I can register by submitting agency details.	Agency account request is submitted for admin approval.	High	Sprint-1
Admin	Agency Approval	USN-7	As an admin, I can approve or reject flight agency registration requests.	Approved agencies gain access; rejected ones are notified.	High	Sprint-1
Flight Agency	Flight Management	USN-8	As a flight agency, I can add flight details such as flight name, source, destination, time, and price.	Flight details are saved and sent for admin approval.	High	Sprint-2

Admin	Flight Approval	USN-9	As an admin, I can approve or reject flight listings added by agencies.	Approved flights are visible to users for booking.	High	Sprint-2
Admin	Data Management	USN-10	As an admin, I can view and manage all users, agencies, flights, and bookings.	Admin dashboard displays complete system data.	Medium	Sprint-2
Flight Agency	Flight Update	USN-11	As a flight agency, I can update or delete my flight details.	Changes reflect only after admin approval.	Medium	Sprint-2
Customer (User)	View Flight Details	USN-12	As a user, I can view full flight details before booking.	Complete flight information is displayed correctly.	Medium	Sprint-2
